

## Liquid Sound Festival 2020 – a 360-degrees streaming event

The unique festival is happening without people in the pool – but it's happening!

Immerse in a spectacular streaming event, bathing in light and music in 360-degrees.

Here is the straight way to the ticketshop: <https://tickets.fulldome-festival.net/events/>

Half dreaming, half dancing the festival program guides you through the night. The first streaming session is on Friday, Nov. 6<sup>th</sup>, from 19:00 to 22:30. The second streaming session is from Saturday, Nov. 7<sup>th</sup>. from 8:00 p.m. through to Sunday morning at 8:00 a.m.

This is the way it was in previous years: people were spending a timeless times soaking in the “water-filled concert hall”, introverted or sociable, in the sauna or in the bistro. The aficionados in their bathing suits knew: time does not matter in the state of zero-gravity immersion, and falling asleep to underwater music does not speak against the concept of Liquid Sound! When morning came at the end of the festival, everyone was refreshed.

However, current restrictions do not allow us to let real people float in the real pools of the Toskana Therme venue. But there is infinite space to enjoy the festival virtually. You may watch the 360-degree stream at home in your bath tub, in your favorite armchair or somewhere on the beach.
